

**A partnership that aligns well –
Both in the past and now.**

**“We have been dealing with the
MAN FS representative for
many years, he is excellent, is
always available and will meet
in person”**

TJ Hammond Transport Ltd. are a dedicated Transport Specialists since 1948. They offer transport and logistics, storage, distribution and loading services. The Hammond fleet grew substantially over the years to meet all requirements, certification and accreditations of the industry, operating a diverse fleet of quality MAN trucks and trailers.

MAN FS had worked with Hammond Transport previously by financing the current MAN trucks fleet. Roger Millar, Business Development Manager for MAN FS worked with Terry Hammond, Managing Director at Hammond Transport to look at suitable finance options for the new MAN TGX. Hammond Transport was looking on replacing a Euro 5 MAN with the latest MAN TGX new generation. The ideal solution needed to be a smooth transition and avoiding loss of time on the road.

A Hire Purchase product on a 60 month agreement was the final solution. Working together, MAN FS and Hammond Transport ensured a quick turnaround of setting up the finance agreement and meeting the business needs.

Terry explains that reliability and customer care are at the forefront of the business, as well as a seamless delivery experience which they achieve through using the best equipment and their professional team. “We have invested in the latest technology and high specification vehicles with the latest safety and compliance features, our fleet are all Euro 6 ULEZ compliant” said Terry.

The new MAN TGX, which was launched early in 2020, has recently been awarded Truck of the Year 2021. It has been recognised as particularly advanced in terms of driving comfort, working and living conditions, safety, fuel efficiency and connectivity. Hammond Transport has certainly upgraded its fleet with this new addition.

Hammond Transport and MAN have had a good relationship for the last 20 years “Our drivers love the quality and good driving experience, matched with MAN reliability”. MAN Financial Services is also his preferred choice, and quite beneficial as Terry adds “we have a credit line in place with some of the best rates in the industry”.

On the working relationship with MAN FS Terry said “Our dedicated point of contact is Roger Millar, we have been dealing with him for many years, he is excellent, always available and will meet in person”.

Though an uncertain year it is, Hammond Transport is confident and looking forward to a busy 2021 supporting their great customers.
