

J O'Shea and Sons Ltd. expand its fleet with MAN Financial Services.

MANCHESTER-BASED J. O'SHEA & SONS IS A FAMILY OWNED BUSINESS WITH OVER 60 YEARS OF EXPERIENCE IN CIVIL ENGINEERING AND HAULAGE.

Within their vast portfolio of services, they provide bulk excavation, transport, demolition, remediation, enabling works, quarried and recycled aggregates and recycling facilities for the construction industry in the North West and beyond. Whether as principal contractors offering an end-to-end service, package contractors, sub-contractors or suppliers, clients large and small appreciate their professionalism, experience and dedication at every stage of the process.

Following the recent additions to their fleet, we asked Des O'Shea – Managing Director, why he has chosen MAN and MAN Financial Services.

Why did you choose MAN?

I choose MAN for the reliability and the strong build of the product, for the rugged and testing environment of the construction sector which we are heavily involved.

What was the benefit in using MAN Financial Services?

The main benefit is the whole package is a one stop shop, you are buying the product, financing the product and maintaining the product all under the one umbrella.

How did you find the customer service from MAN Financial Services in 3 words?

Competitive, Accommodating, Easy

What is next for J. O'Shea & Sons?

Our plans are to continue to expand in a steady and progressive manner as we have done since the company was started in 1959 (Incorporated in 1999). Our commitment and focus is on a continued improvement through investment in people, and on a fleet of vehicles that are reliable and trusted to do the job.
